Response to Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequences and/or Amino Acid Sequence Disclosures

Sir:

This Response is being filed in response to a Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequences and/or Amino Acid Sequence Disclosures mailed on July 19, 2006 in connection with the above connection with the above-identified patent application. This Response comprises 1) a substitute Sequence Listing conforming to the requirements of 37 C.F.R 1.821-1.824, and 2) a copy of the Notice. This Response is being filed concurrently with a response to a Office Action.

The Notice to Comply was mailed on July 19, 2006 attached to an Office Action in connection with the above-identified patent application. A response to this Notice is due within the time period allowed for the Office Action to which it was attached. Therefore, the response was originally due on October 19, 2006 . As part of this Communication, Applicant is filing a Petition for a Three Month Extension of Time, thereby extending the deadline to file a response to January 19, 2007. Accordingly, this response is timely filed.
